## Why bring Kira to your convention?

- ★ Kira is a fun, engaging, and down-to-earth individual whose unique journey from Internet voice actress to established professional resonates with a lot of the younger generation of up and coming talent.
- ★ As a gamer and anime fan herself, she understands nerd culture and can relate to attendees. This also means she can present on topics that aren't just related to herself or her career. No convention is too big or too small.
- ★ Kira was former convention staff and founded three conventions in the past, so she understands the logistics from both the con side and the guest side of things.
- ★ In addition to voice acting, she has experience in event hosting, live announcing, cosplay, and gaming.
- ★ Kira offers a very wide variety of autograph prints and tends to get long lines.
- ★ Kira has voiced a wide variety of fan favorite characters in all sorts of media (see following pages for some favorites!)
